Notes:

Lock & Tag should be used with all loto products

www.lockouttagouts.com

- For group locking on particular energy hasp should be used.
- Group lockout box should be used for group lockout tagout.
- Scissor Cable or Round cable lockout can be used to lock multiple hazardous energies instead putting individual locks & tags.
- Every equipment/machine should have provision for energy isolation
- Placards for the isolation (types of energies) of machine/equipment should be hanged/pasted near respective machine/equipment
